

Red Rock Canyon National Conservation Area

Business Plan and Fee Implementation

On May 1, 2010, the Bureau of Land Management will begin to implement the new amenity fee schedule that was recommended by the Mojave-Southern Resource Advisory Council for Red Rock Canyon National Conservation Area.

The standard amenity fee has never before been increased while BLM has added numerous amenities, activities and services to improve visitor experiences.

The additional revenue will be used to meet project goals in three categories: provide for public enjoyment and visitor experience, enhance recreational opportunities and preserve Red Rock resources.

Changes to the amenity recreation fee schedule are outlined in the table below.

Type	Fee Increase
